**Re: Recognition Letter for the Active IQ Level 3 Diploma in Coaching Sports**

To whom it may concern,

ukactive is a not-for-profit health body representing over 4000 organisations from across the UK and is driven by its mission to build a more active, healthy nation.

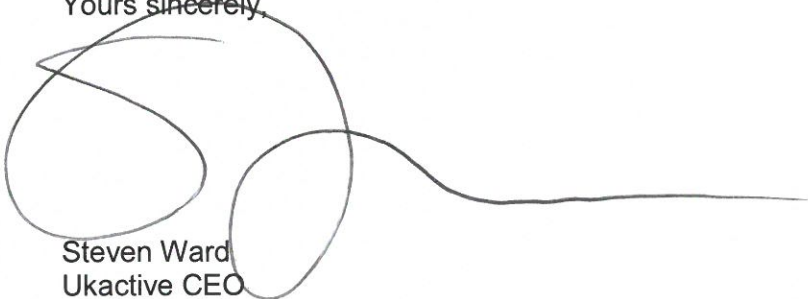

ukactive would like to define the value and relevance for the active leisure sector of the 'Active IQ Level 3 Diploma in Coaching Sports', and thus provide formal support, as follows:

This qualification is designed to train learners to a professionally competent level, enabling them to prescribe, plan and deliver safe and effective multi sports sessions developing their knowledge and skills to pursue a coaching role within the Active Leisure Sector and/or progress onto, for example, Higher Education. The required skills meet the applicable National Occupational Standards relevant to the roles, to a standard that can be reasonably expected of learners aged 16+ in full time education.

We believe through successful achievement of this qualification individuals will have an advantageous position when applying for related jobs/employment opportunities, higher education courses, apprenticeships and further training.

ukactive fully supports the Active IQ Level 3 Diploma in Coaching Sports and we are in agreement for our Professional Body name and website to be made available on the Active IQ website to confirm our support for this qualification.

Yours sincerely,

A large, stylized handwritten signature in black ink, appearing to be 'Steven Ward', written over the typed name and title.

Steven Ward  
UKactive CEO
